

Double-layer series

N3

A compact double-layer module.

Standard

250 × 250

Tile size / mm

12.5 mm

Thickness

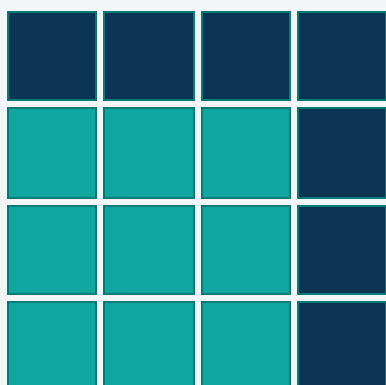

216 g

Weight per tile

Polypropylene copolymer

250 mm tiles for detailed color layouts

N3 brings double-layer construction to a compact 250 mm format. Sixteen tiles form a square metre, making small activity zones and color changes easy to map.

Module layout concept

$$4 \times 4 = 1 \text{ m}^2$$

Sixteen tiles form a one-metre square. Use the small modules to map edges and color changes.

Allow for cuts, edges and spare tiles when ordering.

01

Choose the construction for your use

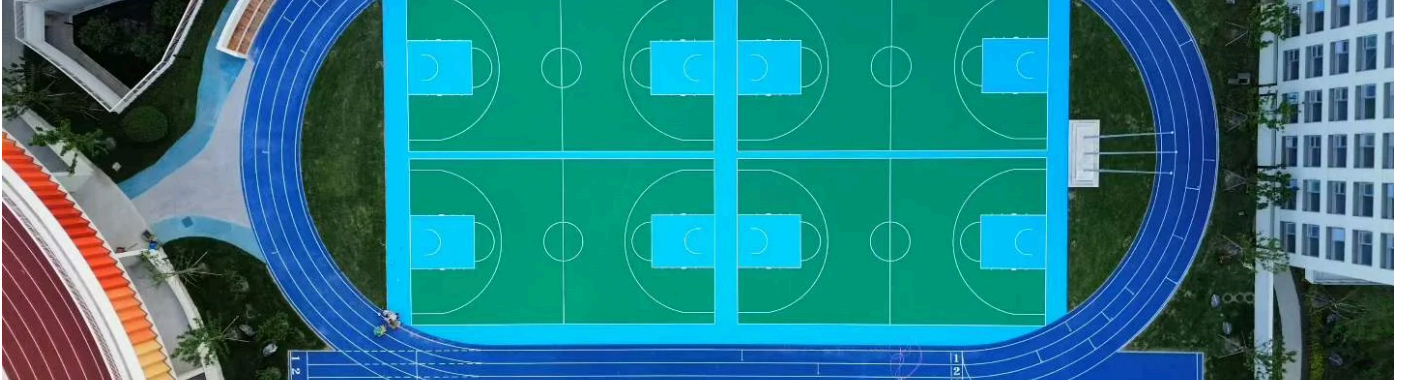

Compare this tile's profile and surface with the planned sport, footwear and base. A sample helps you choose the feel that suits your project.

02

Make the space clear with color

Separate playing and surrounding areas with contrasting colors. Confirm the available colors and line-marking plan for your project.

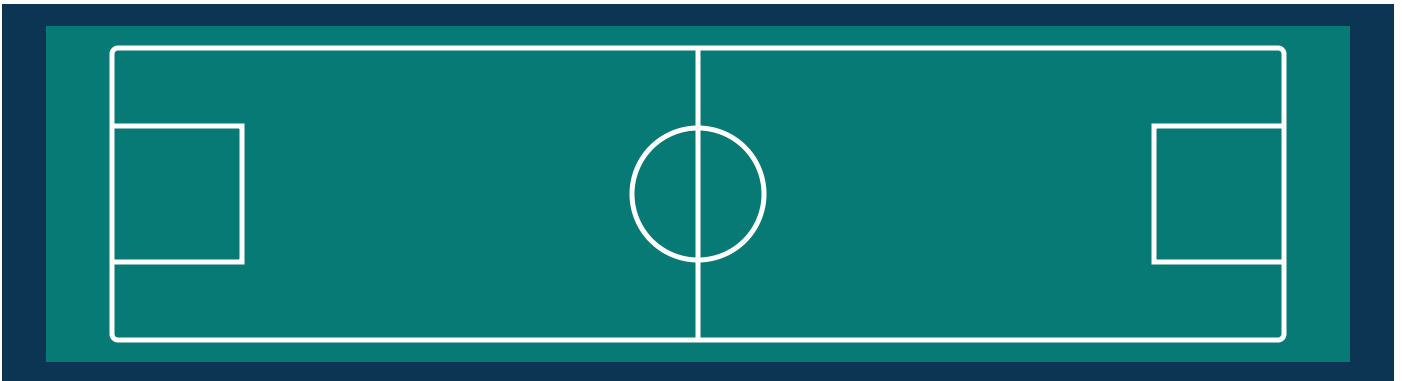

Built around your activities

School courts & activity zones

Compact modules suit layouts with several color areas. Plan the main sport first, then mark out shared spaces for daily school activities.

Application illustration

Recreational indoor futsal

Consider the patterned face for a futsal-focused indoor layout. Plan the playing zone, edges and goal areas as one scheme; confirm the grip requirements for the venue.

Layout concept · not to scale

Plan a stable, level base, drainage where needed, edge transitions and expansion space for the site.

Choose your configuration

250 × 250 mm · Tile length × width

N3	Standard
Thickness	12.5 mm
Tile weight	216 g

Plan the order around your layout

Share the court dimensions and color plan for a tile quantity and packing proposal. Include cuts, edge pieces and spare tiles.

Material

Polypropylene copolymer

Installation planning

Use a stable, level base. Coordinate drainage, edges, expansion gaps and line markings with the installer.

Get a layout & quotation

Tell us the model, quantity or court dimensions, and destination. We will help you choose the configuration and colors.
